I learned how to code and more about tech

Prompt: *What is a topic that you found interesting this week? How do you plan to seek additional information and learn more about that topic?*

One topic I found interesting was github and the use of coding our own website. I will seek additional help by asking around for help when i feel like im stuck.

Prompt: *How is the internship meeting or not meeting your expectations/objectives and why? Do you have control of this? Explain.*

This internship is meeting my expectations as it's teaching me useful skills i can use as a future business major, even if the topics don't directly connect to my major, the skills and tips are definitely useful to me.

Prompt: *What have you learned about yourself and what you want in a career?*

Add your response here: One thing I learned about myself during this internship is that I'm more capable of doing things, no matter how hard objectives may be or no matter how long meetings may be i learned i can push through anything.
