Day 3 journal entry

[Firstname Lastname]

Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 1: **How has your classroom experiences prepared you for the internship? What do you wish you had learned prior to the internship?**
Add your response her

| |
|---|
| *Prompt option 2:* **What is one new skill or piece of knowledge you've gained this week? How do you see yourself applying this in the future?** |
| I see how creative the employees are, who are in design, which is something I'm personally interested in. |

Prompt option 3: **What are some of the differences you've noticed between a school environment and a professional work environment?**
Some differences I've realized is that schools care a lot about memorization at least from my experience and how well you write of course. This work environment cares about your determination and problem solving skills. You have to be creative depending on your field and care about what your customers think in order to improve. We have to embrace customer critiques in order to see how we can change and improve.

Export + contribute your reflection

1. Once you've filled out the above prompts, export this doc as a PDF. Note: make sure you rename the file to be in the format `[Firstname Lastname] Day 3 Journal Entry`

2. Now that you have a PDF of this week's reflections saved locally to your laptop, you should contribute the PDF to your personal GitHub dropbox area in our shared repo.
Use the ['Journal entry contribution' cheat sheet here](Journal entry contribution cheat sheet here) to assist you and ask a GitHub coach for help if you need it!
